Brand Guidelines v1.0	02

Growth architects, by design

Maverio exists to make growth an engineered outcome rather than a guess. We combine strategic diagnostics with embedded delivery, so every recommendation ships as a working capability inside the client's team. This identity system carries that precision and momentum into every surface — from a business card to a boardroom deck.

Precise

Clear structure, generous whitespace, confident type — never decorative for its own sake.

Energetic

Gradient colour used deliberately, as a signal of momentum — not as background noise.

Grounded

Dark navy and black+gold anchor the system so the energy never tips into noise.

Primary logo & construction

Core Aqua is the default lockup for all masterbrand communications. The wordmark is set in Poppins Medium with fixed letterspacing — never redrawn or approximated in another typeface.

A large, light gray rounded rectangle with a dashed border contains the word "maverio" in a lowercase, sans-serif font. The letters are filled with a horizontal gradient from a teal color on the left to a light blue color on the right.

maverio

Poppins Medium · fixed tracking · gradient fill 90°, Aqua 01 → Aqua 02

Clearspace & minimum size

The wordmark 'maverio' is centered within a light gray rounded rectangle. A dashed gray line forms a square around the text, defining the clearspace. The clearspace is equal to the cap-height of the letters on all four sides.

maverio

Clearspace = the cap-height of the wordmark, on every side

maverio

Digital minimum — 120px wide

maverio

Print minimum — 25mm wide

Colour variations

Aqua leads by default. The alternates below are pre-approved for sub-brand and context use — never introduce a new colourway without sign-off.

maverio

Core Aqua — default

maverio

Purple — Growth iQ

maverio

Green — Growth (consulting)

maverio

Orange — Capability

maverio

Black + Gold — premium tier only

maverio

White — dark backgrounds

Logo misuse

Primary palette

Core Aqua is the masterbrand colour – the default across the deck, website, and all client-facing collateral.

 Aqua 01

HEX #4192B9 · RGB 65, 146, 185
CMYK 65, 21, 0, 27

 Aqua 02

HEX #5AC3A7 · RGB 90, 195, 167
CMYK 54, 0, 14, 24

Full colour system

Purple

#7835FE · 120,53,254 · 53,79,0,0

Hierarchy in use

H1 / 44px

Section headline

H2 / 28px

Sub-section title

Eyebrow / 13px

CATEGORY LABEL

Body / 16px

Body copy sits at 15–17px with 1.6–1.7 line-height for long-form reading comfort.

Caption / 13px

Captions, footnotes, and metadata run small and muted.

Sub-brand lockups

Each practice carries the masterbrand wordmark, in its own colour, with a lower-case tagline set beneath.
